

Statement of Yanwen's Journey

There are several misunderstandings about Chinese international students at UCSB. Nonetheless, it is not wise for others to criticize us as a whole based on the conduct of a few individuals. We must stand up and speak up if we do not want to be portrayed in an invalid way. Therefore, I'd like to share my experience from a little child in China to a UCSB international sophomore. The project includes a timeline of major events in my life as well as two small games. While playing, users can follow the directions contained within the project. For instance, click "Next" or "Back" to proceed or return to the previous page. Users can also replay the games as many times as they want. I hope everyone enjoys themselves while playing it.
