

Statement of Yanwen's Journey

There are several misunderstandings about Chinese international students at UCSB. Nonetheless, it is not wise for others to criticize us as a whole based on the conduct of a few individuals. We must stand up and speak up if we do not want to be portrayed in an invalid way. Therefore, I'd like to share my experience from a little child in China to a UCSB international sophomore. The project includes a timeline of major events in my life as well as two small games. I hope everyone enjoys themselves while playing it.
